SPOTLIGHT SKATER ★ Wendy Hiller

What keeps you motivated to continue skating?

I love perfecting a new element that I have learned. I also believe self-motivation is key to being successful in anything. If you're not self motivated, then you are not eager to succeed or finish what you have started.

What is your weekly training regimen?

I take from my amazing coaches, Debbie Prachar, Brittney Bottoms, and Graham Payne (moves). I usually skate six days a week for at least an hour and a half. Off ice, I have a certain workout, along with running, playing tennis, and swimming.

What are your favorite and least favorite elements?

My favorite element is the double loop or footwork because I love twizzles, and I have always liked the double loop. My least favorite element is the double toe-loop.

Competitive accomplishments; favorite music/program.

I was the 2006 South Atlantic Regional Pre-Preliminary Girls Champion. I honestly don't have a favorite program or music because I enjoy each one. However, I absolutely love my Intermediate short program and music this year.

Tell us about your school and extracurricular activities.

I attend Rivers Academy which is a home schooling academy in Alpharetta for mostly athletes and actors. I will be starting eighth grade this fall, and my favorite subject is math. I enjoy playing the guitar and saxophone in my free time.

What is the most memorable, thrilling and/or embarrassing event of your skating career?

The most memorable event in my skating career was the year I won Regionals. It was extremely exciting to win; however, it was also extremely embarrassing. When the announcer called my name in the final round, I took the ice, hit my toe-pick, and did a belly flop. It was so embarrassing, but I did get first place and soon after, I was selected as one of Atlanta Sporting Family magazine Kids of the Month.

Best advice you have ever received?

Decide which path you would like to follow, the new path, or the old path; Believe in yourself.

Tell us something about yourself or your family that no one knows.

My entire family loves to water ski. Unfortunately, our boat died last summer, so we are not able to ski for the time being. I also used to be a gymnast, but I quit when I was six because I fell in the gym which led to over 30 stitches in my right eyebrow.

Who is your favorite skater?

For the longest time, Sasha Cohen was my favorite skater because she always looked so powerful and flexible when she skated. I also enjoy watching Mirai Nagasu. She's an amazing skater, and she always has a smile on her face that shows she loves what she's doing.

Whom do you admire most?

I admire my grandmother, Velda Skagen. My sister and I have called her Gammy our entire lives. She has lymphoma, which has led to many years of chemotherapy. I admire her for her amazing strength and her love that she provides to me and my family.

Tell us about your family.

I have one big sister, Kristin, 18, who will be attending UGA this fall. Kristin and I have grown up together on the ice. I also have a Bichon Frise named Sophie.

Extracurricular activities/hobbies?

I was in competitive tennis for about two years, but now I just play for fun to focus on skating. I also love to swim and slalom water ski. I regularly attend church and also pet sit in my neighborhood.

What are your future goals?

I honestly have no idea what I would like to do in the future. I plan to attend college and will definitely continue to skate.

If I weren't a skater, I would have been ...

A tennis player, a gymnast, or a model.

Favorite word: Crazy

Least favorite word: Quit

What turns me off: Swearing

Favorite quote: *I can do everything through Him who gives me strength. – Philippians 4:13*

Favorite book: *The Wrinkle In Time Quintet - Madeleine L'engle*

Favorite song: : "Play On" – Carrie Underwood

Sound I love: Rainfall – it is so peaceful

Sound I dislike: *I absolutely hate it when someone rubs a balloon or a piece of Styrofoam.*

I would never want to be: Anything related with science

Three words that best describe me: Athletic, determined, and energetic

If I were stranded on a desert island, I would have to have: Water or some type of food; books including the Bible; pillow or blanket

P.S. One fact not many people know about me is that I love to cook. Ever since I was little I have always used large knives to chop things up which made my mom very nervous. I love to cook meals for my family or help my mom in the kitchen.
