- Ice Dance Weekend, May 31 - June 2
- Excel National Festival, June 7 - 9
- Test Session (Dance only), June 12
- Atlanta Open, June 12 - 15

## Membership Renewals To Open in Late June

Registration for the 2019-2020 season will open in late June through EntryEeze at <https://comp.entryeeze.com/Membership/Welcome.aspx?cid=6>. EntryEeze includes links to our waivers, releases, consent for medical treatment, SafeSport pledges, and volunteer areas. Please read through these documents carefully as your processed application is your legal acceptance of these waivers and rules. Please make sure to update your coach and tests passed and provide separate/unique email addresses for all parents.

If you are competing or testing at a U.S. Figure Skating sanctioned event that begins on or after July 1, you must renew your membership prior to the application deadline. Please allow ample time for your membership to be processed. Coaches must complete renewals before July 1 to avoid a late fee penalty and complete a background check and CER requirements.

Beginning July 1<sup>st</sup>, members can access their digital membership cards on the USFS website by clicking "Account," then "Member Profile" or the member card icon on the home screen of Members Only. You can download a digital copy and save it to your phone or print a copy. Coaches, officials, and volunteers can also print a copy of their compliance card via the compliance tab for use at test sessions, competitions, and club activities.

If you have not fulfilled your service hours requirement for 2018-2019, you will be unable to register with U.S. Figure Skating until you satisfy this obligation. Please contact membership chair Francesca Sichenze-Bryant with any questions through our website at [Atlantafsc.com](http://Atlantafsc.com).

Tickets.....\$25.00

**MEMBERS ONLY!**

**Entertainment!** **Dancing!** **Food!**

# SALUTING OUR 2019 GRADUATES

## JESSICA MAASKANT

### High School Activities, Clubs, Honors

I am a member of the Dunwoody High School marching band, which won first place in the Silver division colorguard championships and first place in the Regional winterguard championships. I am in the top 10% of my class, on the Principal's List, and a member of the National Honor Society, Science National Honor Society, and Beta Club. I am also in the district honor chorus and won first place in the county science fair.

### Future Plans (college, including major, skating, other)

I will attend Emory University in pre-med and continue skating.

### Skating Career Highlights (competitions, testing, etc.)

I have passed Pre-Preliminary moves and won silver at two Winterfest competitions.

### Extracurricular Activities

I participate in colorguard and winterguard and volunteer at Northside.

### How has skating shaped your life and outlook?

Skating has made me more confident in my abilities to overcome any challenge that comes my way. I started this sport later than most (at 16 years old), and I came to accept the fact that everyone takes life at their own pace and it doesn't matter what your pace is as long as you are doing what makes you happy.

## High School Activities, Clubs, Honors

I'm part of the National Art Honor Society and International Thespian Society at Milton High School. I'm also one of the teachers in our school's circus fundamentals program.

### Future Plans (college, including major, skating, other)

I'll be double majoring in graphic design and English with a focus in creative writing at Columbus State University. I'll continue skating and will hopefully start a little bit of coaching. My goals are to pass all of my MIF and ice dance tests and become a double gold medalist before I graduate college.

### Skating Career Highlights (competitions, testing, etc.)

I qualified for the 2018 National Showcase and was invited to skate at the Avalon/Atlantic Station holiday shows, which were some of my favorite moments. I took a break from testing and competing for a few years, so even if picking things back up and pushing forward weren't an achievement in writing, they were one of my biggest accomplishments.

### Extracurricular Activities

I have been in theatre since sophomore year and in art since freshman year. I also published my first book in September, 2018.

### How has skating shaped your life and outlook?

Skating has been a part of my life ever since I was five, and I can't imagine living without it. Some of my greatest life lessons have come from the rink and the people there, and the person I am today has 100% come from my life on the ice. It's given me a more positive outlook on negative situations because I've learned that even when you fall and mess up and have bad days, you can move forward and become better. I've also learned that everyone is on a different path, and you don't need to do triple Axels to feel happy and successful, and that lesson translates into real life. The rink has been a home for me where I can always feel safe and happy, and I've enjoyed my journey more than anything. Some of my happiest memories are at the rink with my friends and coaches, and I'm so grateful that I've been able to be a part of this incredible sport for as long as I have.

## NASTASIA ROZENBERG

## **ISABEL SCHAUM**

### **High School Activities, Clubs, Honors**

I am a member of Beta Club, Latin Club, National Latin Honors Society, Flood Club, and Interact Club at Milton High School. I earned a gold award on the National Latin 1 exam and a silver award on the National Latin 2 exam.

### **Future Plans (college, including major, skating, other)**

I will attend Mercer University, majoring in economics.

### **Skating Career Highlights (competitions, testing, etc.)**

I have passed Pre-Preliminary, Preliminary, Pre-Juvenile and Juvenile moves in the field tests and Pre-Preliminary, Preliminary, and Pre-Juvenile free skate tests.

### **Extracurricular Activities**

I am a Freshii team member and a skate rental clerk and ice monitor at The Cooler.

### **How has skating shaped your life and outlook?**

I have been skating for about seven years, and The Cooler has really become like a second home for me. Competing, volunteering, performing, working, and practicing at the rink have allowed me to make many friendships and experience teamwork, leadership, and responsibility. I've been taught how to win and how to lose, and how to accept defeat or enjoy success. My coach, Tami, has also been like a second family to me and has helped me through some of the toughest times of my life. I met my best friend at this rink and now, in a way, I am graduating at

this rink. Whether it was new floors, new coaches, or new employees, The Cooler has always stayed the same to me, and I hope to continue skating in college and perhaps afterwards as well.

### **High School Activities, Clubs, Honors**

I am a member of the Johns Creek High School National Honor Society, the National Spanish Honor Society secretary, a Georgia Certificate of Merit recipient (top 5% GPA of graduating class), a National Merit Scholarship finalist, and Color Guard captain.

### **Future Plans (college, including major, skating, other)**

I am undecided about my college choice, but I will major in International Relations with a Spanish minor. I plan to continue skating and teach wherever I go.

### **Skating Career Highlights (competitions, testing, etc.)**

I am a double gold medalist in free skate and moves and have passed the Pre-Bronze test in ice dance.

### **Extracurricular Activities**

I participate in Color Guard, Winter Guard, orchestra (violin), and volunteer at Learn to Skate group lessons.

### **How has skating shaped your life and outlook?**

Skating has been a part of my life for as long as I can remember. Through skating, I have met countless friends and coaches that have become family to me, and these relationships have helped me to become a better person with all the support I have received throughout my skating career. Most of all, skating has given me the invaluable skill of determination. When you're out there competing, if you make a mistake or fall, you can't mope about it for the rest of your program and let it affect you. You grit your teeth, get up, and put out your best effort for the rest of your program- then after, you go back to practice and work harder to correct your mistakes. There's beauty in the determination that figure skaters have, regardless of whether it brings medals or titles for the skater. And so, figure skating has taught me to appreciate the process of hard work.

## **LILY XIE**

# ROCKIN' ICE RADIO SPRING SHOW

## APRIL 27 & 28

# WICE

Wow - what an incredible and inspirational experience for our skaters, guests, and appreciative audience! Special thanks to our extraordinary guest **Alysa Liu**, the 2019 U.S. Ladies Champion, and to our own ice angel **Kathy Shehee** who personally sponsored her appearance! The show was a collaborative effort of so many members; kudos to our producers/directors, **Tami Mickle** and **Graham Payne**, show chair **Kim Detwiler**, the entire crew, the coaches who donated their time, all of our tireless volunteers, and our generous sponsors! Additional photos are posted on our Facebook page.

# SPOTLIGHT SKATER

Audrey Kate Johnson

## What are your favorite and least favorite elements?

*Favorite element - Axels because the forward take-off seems most natural to me. Least favorite element - forward outside rockers because the exits are hard to hold.*

## Competitive highlights, favorite program?

*One of my competitive accomplishments was qualifying for the 2017 National Solo Dance Final. My favorite program was last year's Intermediate free skate program to "Lovely Night" from **La La Land** because it was fun, yet mature, too.*

## Who is your favorite skater?

*My favorite competitive skaters are Gabriella Papadakis and Guillaume Cizeron. My all-time favorite skaters are Tessa Virtue and Scott Moir.*

## What is the most memorable event of your skating career?

*During the 2018 Atlanta Open, I fell on every jump in my Juvenile free skate program, except for my singles (which there were only two).*

## If I weren't a skater, I would have been

*a soccer player or a ballet dancer*

## My family is most like the television show

***Say Yes to the Dress** because my sister and I love shopping together and trying on formal dresses. It's so much fun!*

## Tell us about your school and extra-curricular activities.

*I am in 6th grade and attend a home school program one day a week. My favorite subject is literature. My extracurricular activities include ballet, ballroom dance, and piano.*

## Best advice I ever received

*From my dad: "Skate because you love it!"*

## What famous person would you most like to meet?

*I would love to meet Gabriella Papadakis and skate with Guillaume Cizeron.*

## Tell us something about yourself or your family that no one knows.

*I could spend hours and hours reading books each and every day.*

## Tell us about your family, other hobbies, pets.

*I have a 27-year-old brother and 17-year-old sister. My brother, Gregory, is a budget analyst for the DeKalb County School System and is married. I also have a five-year-old niece named Ella Rae. My sister, Megan, is a swim coach and graduating from Dunwoody High School this year. She will attend Georgia Tech this fall.*

## What are your future skating and educational goals?

*My skating goal for this year is to qualify for the US Ice Dance Final with my ice dance partner, Lucas. Long term, I would love to compete at nationals in ice dancing.*

*In my future, I will definitely go to college, but skating will always be somewhere in the mix.*

## My favorite things are

*Animals, food, skating, and books.*

## Whom do you most admire?

*Tessa Virtue and Scott Moir because they could have stopped competing after winning their first Olympic Gold Medal, but continued because they had more to prove.*

## If I were stranded on a desert island, I would have to have:

*My Kindle, a portable charger, and food.*

## Who would you choose to play you in the movie of your life?

*I should play myself.*

## Favorite word: *Smooth*

## Least favorite word: *Chalk*

## What turns me off: *Being interrupted during a good book*

## Favorite food: *Desserts in general*

## Least favorite food: *Couscous*

## Favorite book: *I enjoy books so much that it would be hard to pick a favorite book.*

## Favorite movie: *The Parent Trap*

## Favorite TV show: *Kids Baking Championship*

## Favorite color: *Blue*

## Pet peeve: *When my dog, Eva, ignores me*

## Favorite vacation: *2019 Spring Break cruise to the Bahamas, Honduras, Cozumel and Porta Costa Maya*

## I would never want to be: *A doctor because I am squeamish around medical situations*

## Three words that best describe or characterize me: *Happy, talkative, and friendly*

# A Tribute To Our Own Super Star Tim Dolensky: Pure Gold

Tim Dolensky has decided to end his competitive skating career and is now preparing for cruise ship performances! Tim writes:

*Hey y'all. So I am writing to say that I have decided to step away from competitive skating at this point in my life. I am so grateful for everything that skating has brought me and all the amazing opportunities that I have experienced through it. I am so thankful for all of the help that I have gotten along the way by all of the coaches, friends, and recovery people that I have worked with. I have met and made some incredible friends that I will keep for life. However, as much as I love it I know that there is way more to life than skating and I am excited to explore life beyond the ice.*

*As Bilbo Baggins says, "It's a dangerous business, Frodo, going out your door. You step onto the road, and if you don't keep your feet, there's no knowing where you might be swept off to."*

Tim's illustrious skating journey began at age six when he enrolled in LTS classes. He joined the Atlanta FSC in 2000 and competed in his first national event at the Juvenile level at the 2005 U.S. Junior Figure Skating Championships! He subsequently earned the 2010 U.S. Novice Men's bronze medal, the 2012 U.S. Junior Men's silver medal, and competed at the Senior level every year from 2014 - 2019. After three consecutive 7th place scores, Tim achieved 6th place honors this year!

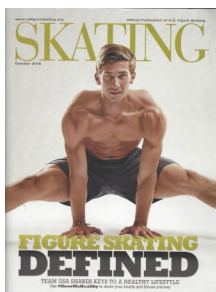

Over the course of his career, Tim was tapped for 16 international competitions - Skate America, Skate Canada, Nebelhorn Trophy (twice), Lombardia Trophy, the U.S. International Classic (three times), the Philadelphia Summer International Competition, Golden Spin of Zagreb, Finlandia Trophy, Autumn International Classic, the World Junior Championships, and the Junior Grand Prix in Austria, Latvia, and Great Britain.

He has been recognized for his creativity, music, and fitness passions as well as his skating skills. He won the inaugural Peggy Fleming Trophy for artistry at the 2018 Broadmoor Open, composed his own 2011/12 short program music, and achieved the highest male score in the S.T.A.R.S. testing program last year! A fitness enthusiast, he was also featured on the cover of **Skating** magazine in October, 2016.

The list of his his contributions to U.S. Figure headlining our and even coaching attending college classes. Not surprisingly, he is a four-time recipient of the club's Outstanding Senior skater award.

competitive accomplishments is matched by the club and the sport, including serving on the Skating Athletes Advisory Committee, spring shows, leading Club Ice special events, skaters between training, competing, and
