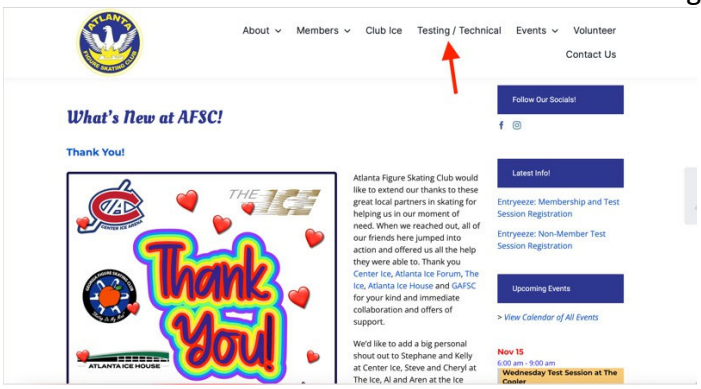
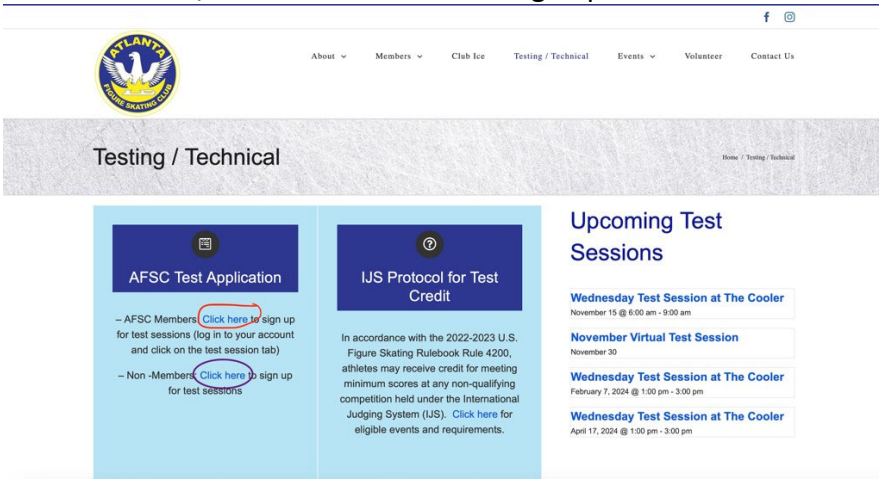
AFSC – HOW TO REGISTER FOR VIRTUAL TESTS

1. Go to the atlantafsc.com website and click on “Testing/Technical”

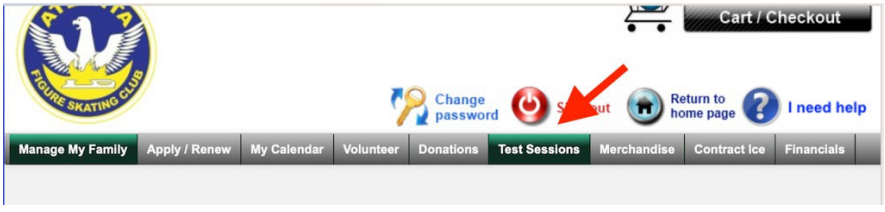


2. AFSC members/ non members: click to sign up for a test

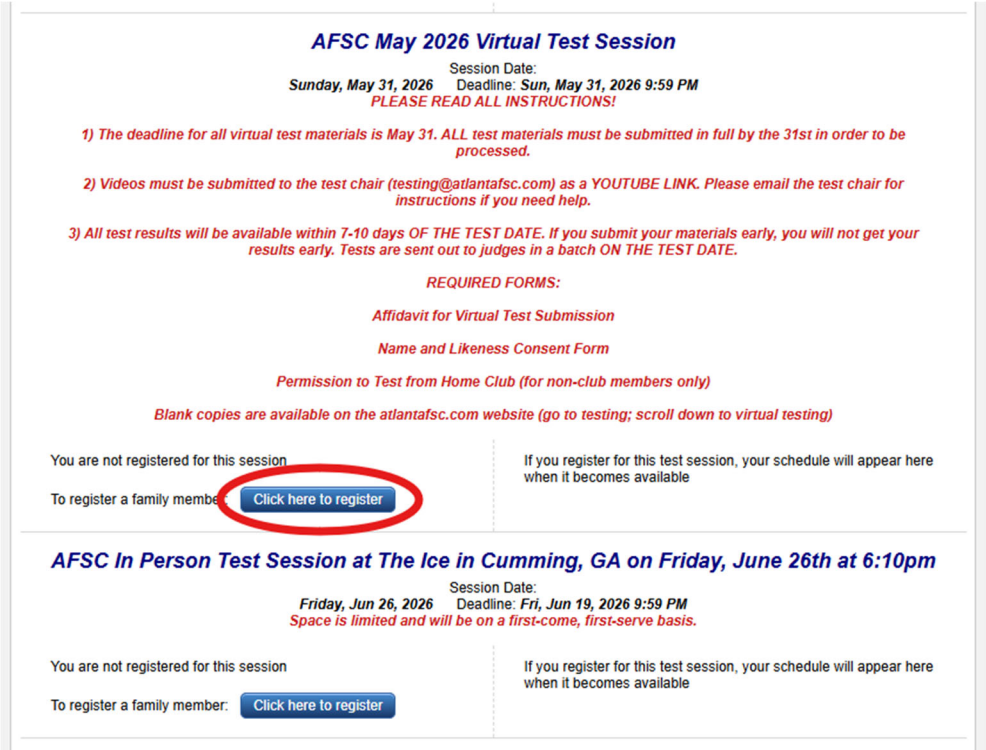


3. You will be re-routed to EntryEeze; sign in

4. Click on “Test Sessions” in the toolbar



5. You will be re-routed to available tests; click to register for the virtual test session.



HOW TO SEND FORMS AND TEST VIDEOS

1. **Two forms are needed** – an affidavit to test virtually and a name/likeness consent form. Blank copies are available on the atlantafsc.com website (go to testing; scroll down to virtual testing). Email completed forms to the test chair testing@atlantafsc.com
2. **Record your video**. The skater will need to introduce himself/herself and state the date and the test being taken. The virtual testing placard must be shown prior to starting the test. ***The placard must include the date of the test session, NOT the date that the test is being recorded***. Additionally, the current date and time must be shown prior to starting the test (using a watch or clock). There should be no more than 9 skaters on the ice during the test.
3. **ALL test videos must be uploaded to YouTube** and the link must be sent to testing@atlantafsc.com

All tests will be sent to be judged after the deadline, and results will be returned to the coach and skater within 7 to 10 days of the deadline.
